

Tawny Mist Silky Terriers
Spay/Neuter Agreement

The purchaser agrees that the AKC Silky Terrier purchased on _____ was sold as a companion and for no other purpose.

The purchaser understands that the Silky comes with an AKC registration application, which is limited and prohibits showing and or breeding and/or future litter registration. (This applies to those dogs not already AKC registered.)

The purchaser agrees that the Silky puppy will be spayed/neutered on a date convenient to the owner and at an age approved by their licensed veterinarian (no to exceed eight months of age). Adults will be altered after a one-month adjustment in their new home environment. It is the recommendation of the breeder that puppies are altered by (6) six months of age.

The purchaser agrees to provide proof of altering to the seller, Donna L. Renton at 19497 S. Logan Drive, Beavercreek, OR 97004.
